

**IN THE UNITED STATES DISTRICT COURT  
FOR THE NORTHERN DISTRICT OF ILLINOIS  
EASTERN DIVISION**

JUNZHOU HUANG,

Plaintiff,

v.

Partnerships and Unincorporated Associations  
identified in Schedule A

Defendants.

Case No.: 1:22-cv-00809

**JURY TRIAL DEMANDED**

**PLAINTIFF'S COMPLAINT FOR PATENT INFRINGEMENT**

Plaintiff Junzhou Huang ("Plaintiff") hereby brings the present action against the Partnerships and Unincorporated Associations identified in Schedule A attached hereto (collectively, "Defendants") and alleged as follows:

**JURISDICTION AND VENUE**

1. This Court has original subject matter jurisdiction over the claims in this action pursuant to the provisions of the Patent Act, 35 U.S.C. § 1, *et seq.*, 28 U.S.C. § 1338(a)-(b) and 28 U.S.C. § 1331.

2. Venue is proper in this Court pursuant to 28 U.S.C. § 1391(c)(3) as Defendants are believed to be Chinese entities and this Court may properly exercise personal jurisdiction over Defendants since each of the Defendants directly targets business activities toward consumers in the United States, including Illinois, through at least the fully interactive, commercial Internet stores operating under the Online Marketplace Accounts identified in Schedule A attached hereto

(collectively, the “Defendant Internet Stores”). Specifically, Defendants are reaching out to do business with Illinois residents by operating one or more commercial, interactive Defendant Internet Stores through which Illinois residents can purchase products featuring Plaintiff’s patented design. Each of the Defendants has targeted sales from Illinois residents by operating online stores that offer shipping to the United States, including Illinois, accept payment in U.S. dollars and, on information and belief, has sold products featuring Plaintiff’s patented design to residents of Illinois. Each of the Defendants is committing tortious acts in Illinois, is engaging in interstate commerce, and has wrongfully caused Plaintiff substantial injury in the State of Illinois.

### **INTRODUCTION**

3. This action has been filed by Plaintiff to combat online infringers selling and/or offering for sale unauthorized and unlicensed products, namely the Filter for Pet Fountain shown in **Exhibit 1**, that infringe Plaintiff’s patented design, U.S. Patent No. D912,763 (the “Infringing Products”).

4. The Defendants create the Defendant Internet Stores selling and/or offering to sell Infringing Products to unknowing consumers.

5. Plaintiff is forced to file this action to combat Defendants’ infringement of its patented design, as well as to protect unknowing consumers from purchasing Infringing Products over the Internet. Plaintiff has been and continues to be irreparably damaged from the loss of its lawful patent rights to exclude others from making, using, selling, offering for sale, and importing its patented design as a result of Defendants’ actions and seeks injunctive and monetary relief.

### **THE PARTIES**

#### **Plaintiff Junzhou Huang**

6. Plaintiff Junzhou Huang is a Chinese national residing within the People Republic of China. Plaintiff is the inventor and owner of the U.S. Design Patent No. D912,763 (the “’763

Patent”) titled “Filter For Pet Fountain.”

7. Plaintiff’s fountain filters for pet fountain devices, which practice the ’763 Patent, are offered for sale or sold via online retailers such as Amazon.com.

8. Plaintiff’s fountain filters for pet fountain devices have been sold and/or offered for sale through Amazon.com, have been well received by customers who desire replacement filters for their pet fountain devices. One of its authorized stores, [https://www.amazon.com/stores/The+Best+Pet+Consultant/page/F05F4F94-4DA0-41E7-9E0D-DE2CB5468DC4?ref\\_=ast\\_bln](https://www.amazon.com/stores/The+Best+Pet+Consultant/page/F05F4F94-4DA0-41E7-9E0D-DE2CB5468DC4?ref_=ast_bln), have received 281 reviews and garnered averaging 4.7 out of 5 stars.

9. Plaintiff is the lawful owner of all rights, title, and interest in the ’763 Patent. The ’763 Patent was duly issued on March 9, 2021. Attached hereto as **Exhibit 2** is a true and correct copy of the ’763 Patent.

10. Plaintiff has not granted a license or any other form of permission to Defendants with respect to the patent design or the ’763 Patent.

### **The Defendants**

11. Defendants are individuals and business entities who, upon information and belief, reside in the People’s Republic of China. Defendants conduct business throughout the United States, including within the State of Illinois and this Judicial District, through the operation of the fully interactive, commercial online marketplaces operating under the Defendant Internet Stores. Each Defendant targets the United States, including Illinois, and has offered to sell, and, on information and belief, has sold and continues to sell Infringing Products to consumers within the United States, including the State of Illinois.

12. On information and belief, Defendants are an interrelated group of infringers working in active concert to knowingly and willfully make, use, offer for sale, sell, and/or import

into the United States for subsequent sale or use products that infringe directly and/or indirectly the '763 Patent in the same transaction, occurrence, or series of transactions or occurrences. For example, Defendants all sell and/or offer for sale the same infringing products with minor variations as well as similar if not identical product images and descriptions as shown in Exhibit 1. Tactics used by Defendants to conceal their identities and the full scope of their operation make it virtually impossible for Plaintiff to learn Defendants' true identities and the exact interworking of their network. In the event that Defendants provide additional credible information regarding their identities, Plaintiff will take appropriate steps to amend the Complaint.

11. Plaintiff has not licensed or authorized Defendants to use the invention claimed in the '763 Patent, and none of the Defendants are authorized retailers of Plaintiff's Products.

12. Defendants go to great lengths to conceal their identities and often use multiple fictitious names and addresses to register and operate their network of Defendant Internet Stores. On information and belief, Defendants regularly create new online marketplace accounts on various platforms using the identities listed in Schedule A to the Complaint, as well as other unknown fictitious names and addresses. Such Defendant Internet Store registration patterns are one of many common tactics used by the Defendants to conceal their identities, the full scope and interworking of their operation, and to avoid being shut down.

13. In addition to operating under multiple fictitious names, Defendants in this case and defendants in other similar cases against online infringers use a variety of other common tactics to evade enforcement efforts. For example, infringers like Defendants will often register new online marketplace accounts under new aliases once they receive notice of a lawsuit. Infringers also typically ship products in small quantities via international mail to minimize detection by U.S. Customs and Border Protection.

14. Defendants, without any authorization or license from Plaintiff, have knowingly

and willfully offered for sale, sold, and/or imported into the United States for subsequent resale or use products that infringe directly and/or indirectly the '763 Patent, and continue to do so via the Defendant Internet Stores. Each Defendant Internet Store offers shipping to the United States, including Illinois, and, on information and belief, each Defendant has sold Infringing Products into the United States, including Illinois.

15. Defendants' infringement of the '763 Patent in the offering to sell, selling, or importing of the Infringing Products was willful.

16. Defendants' infringement of the '763 Patent in connection with the offering to sell, selling, or importing of the Infringing Products, including the offering for sale and sale of Infringing Products into Illinois, is irreparably harming Plaintiff.

**COUNT I**  
**INFRINGEMENT OF UNITED STATES DESIGN PATENT NO. D912,763**  
**(35 U.S.C. § 271)**

17. Plaintiff hereby re-alleges and incorporates by reference the allegations set forth in the preceding paragraphs.

18. Defendants offer for sale, sell, and/or import into the United States for subsequent resale or use Infringing Products that infringe directly and/or indirectly the ornamental design claimed in the '763 Patent.

19. Defendants have infringed the '763 Patent through the aforesaid acts and will continue to do so unless enjoined by this Court. Defendants' wrongful conduct has caused Plaintiff to suffer irreparable harm resulting from the loss of its lawful patent rights to exclude others from making, using, selling, offering for sale, and importing the patented inventions. Plaintiff is entitled to injunctive relief pursuant to 35 U.S.C. § 283.

20. Unless a preliminary and permanent injunction is issued enjoining Defendants and all others acting on in active concert therewith from infringing the '763 Patent, Plaintiff will be

greatly and irreparably harmed.

21. Plaintiff is entitled to recover damages adequate to compensate for the infringement, including Defendants' profits pursuant to 35 U.S.C. § 289. Plaintiff is entitled to recover any other damages as appropriate pursuant to 35 U.S.C. § 284.

**PRAYER FOR RELIEF**

WHEREFORE, Plaintiff prays for a judgment against Defendants as follows:

1) That Defendants, their affiliates, officers, agents, servants, employees, attorneys, confederates, and all persons acting for, with, by, through, under or in active concert with them be temporarily, preliminarily, and permanently enjoined and restrained from:

- a. offering for sale, selling, and importing any products not authorized by Plaintiff and that include any reproduction, copy or colorable imitation of the design claimed in the Patented Design;
- b. aiding, abetting, contributing to, or otherwise assisting anyone in infringing upon the Patented Design; and
- c. effecting assignments or transfers, forming new entities or associations or utilizing any other device for the purpose of circumventing or otherwise avoiding the prohibitions set forth in Subparagraphs (a) and (b).

2) Entry of an Order that, upon Plaintiff's request, those in privity with Defendants and those with notice of the injunction, including, without limitation, any online marketplace platforms such as eBay, AliExpress, Alibaba, Amazon, and Wish.com, web hosts, sponsored search engine or ad-word providers, credit cards, banks, merchant account providers, third party processors and other payment processing service providers, Internet search engines such as Google, Bing and Yahoo (collectively, the "Third Party Providers") shall:

- a. disable and cease providing services being used by Defendants, currently or in the future, to engage in the sale of goods that infringe the Patented Design;

- b.     disable and cease displaying any advertisements used by or associated with Defendants in connection with the sale of infringing goods using the Patented Design; and
  - c.     take all steps necessary to prevent links to the Defendant Internet Stores identified on Schedule A from displaying in search results, including, but not limited to, removing links to the Defendant Internet Stores from any search index;
- 3)     That Plaintiff be awarded such damages as it shall prove at trial against Defendants that are adequate to compensate Plaintiff for infringement of the Patented Design, and all of the profits realized by Defendants, or others acting in concert or participation with Defendants, from Defendants' unauthorized use and infringement of the Patented Design;
- 4)     That Plaintiff be awarded from Defendants, as a result of Defendants' use and infringement of the Patented Design, three times Plaintiff's therefrom and three times Defendants' profits therefrom, after an accounting, pursuant to 35 USC § 284;
- 5)     That Plaintiff be awarded its reasonable attorneys' fees and costs; and
- 6)     Award any and all other relief that this Court deems just and proper.

DATED July 22, 2021.
