FOR THE NORTHERN DISTRICT OF ILLINOIS

KONINKLIJKE PHILIPS N.V.,

Plaintiff,

v.

THE PARTNERSHIPS and
UNINCORPORATED ASSOCIATIONS
IDENTIFIED ON SCHEDULE “A,”

Defendants.

Case No. 23-cv-01707

COMPLAINT

Koninklijke Philips N.V. (“Philips” or “Plaintiff”) hereby brings the present action against the Partnerships and Unincorporated Associations identified on Schedule A attached hereto (collectively, “Defendants”) and alleges as follows:

I. JURISDICTION AND VENUE

1. This Court has original subject matter jurisdiction over the claims in this action pursuant to the provisions of the Lanham Act, 15 U.S.C. § 1051, *et seq.*, 28 U.S.C. § 1338(a)-(b), and 28 U.S.C. § 1331.

2. Venue is proper in this Court pursuant to 28 U.S.C. § 1391, and this Court may properly exercise personal jurisdiction over Defendants since each of the Defendants directly targets business activities toward consumers in the United States, including Illinois, through at least the fully interactive, e-commerce stores¹ operating under the seller aliases identified in Schedule A attached hereto (the “Seller Aliases”). Specifically, Defendants have targeted sales to Illinois residents by setting up and operating e-commerce stores that target United States

¹ The e-commerce store urls are listed on Schedule A hereto under the Online Marketplaces.

consumers using one or more Seller Aliases, offer shipping to the United States, including Illinois, accept payment in U.S. dollars and/or funds from U.S. bank accounts and, on information and belief, have sold products using infringing and counterfeit versions of Plaintiff's federally registered trademarks to residents of Illinois. Each of the Defendants is committing tortious acts in Illinois, is engaging in interstate commerce, and has wrongfully caused Plaintiff substantial injury in the State of Illinois.

II. INTRODUCTION

3. This action has been filed by Plaintiff to combat e-commerce store operators who trade upon Plaintiff's reputation and goodwill by offering for sale and/or selling unauthorized and unlicensed products, including electric toothbrush bases and heads, razors, and other personal care goods using infringing and counterfeit versions of Plaintiff's federally registered trademarks (the "Counterfeit Products"). Defendants create e-commerce stores operating under one or more Seller Aliases that are advertising, offering for sale and selling Counterfeit Products to unknowing consumers. E-commerce stores operating under the Seller Aliases share unique identifiers establishing a logical relationship between them and that Defendants' counterfeiting operation arises out of the same transaction, occurrence, or series of transactions or occurrences. Defendants attempt to avoid and mitigate liability by operating under one or more Seller Aliases to conceal both their identities and the full scope and interworking of their counterfeiting operation. Plaintiff is forced to file this action to combat Defendants' counterfeiting of its registered trademarks, as well as to protect unknowing consumers from purchasing Counterfeit Products over the Internet. Plaintiff has been and continues to be irreparably damaged through consumer confusion, dilution, and tarnishment of its valuable trademarks as a result of Defendants' actions and seek injunctive and monetary relief.

The Seller Aliases target consumers in this Judicial District and throughout the United States. According to a U.S. Customs and Border Protection (CBP) Report, in 2021, CBP made over 27,000 seizures of goods with intellectual property rights (IPR) violations totaling over \$3.3 billion, an increase of \$2.0 billion from 2020. *Intellectual Property Rights Seizure Statistics, Fiscal Year 2021*, U.S. Customs and Border Protection (**Exhibit 2**). Of the 27,000 in total IPR seizures, over 24,000 came through international mail and express courier services (as opposed to containers), 51 percent of which originated from China and Hong Kong. *Id.*

16. Third party service providers like those used by Defendants do not adequately subject new sellers to verification and confirmation of their identities, allowing counterfeiters to “routinely use false or inaccurate names and addresses when registering with these e-commerce platforms.” **Exhibit 3**, Daniel C.K. Chow, *Alibaba, Amazon, and Counterfeiting in the Age of the Internet*, 40 NW. J. INT’L L. & BUS. 157, 186 (2020); *see also*, report on “Combating Trafficking in Counterfeit and Pirated Goods” prepared by the U.S. Department of Homeland Security’s Office of Strategy, Policy, and Plans (Jan. 24, 2020) attached as **Exhibit 4** and finding that on “at least some e-commerce platforms, little identifying information is necessary for a counterfeiter to begin selling” and recommending that “[s]ignificantly enhanced vetting of third-party sellers” is necessary. Counterfeiters hedge against the risk of being caught and having their websites taken down from an e-commerce platform by preemptively establishing multiple virtual store-fronts. **Exhibit 4** at p. 22. Since platforms generally do not require a seller on a third-party marketplace to identify the underlying business entity, counterfeiters can have many different profiles that can appear unrelated even though they are commonly owned and operated. **Exhibit 4** at p. 39. Further, “E-commerce platforms create bureaucratic or technical hurdles in helping brand owners to locate or identify sources of counterfeits and counterfeiters.” **Exhibit 3** at 186-187.

17. Defendants have targeted sales to Illinois residents by setting up and operating e-commerce stores that target United States consumers using one or more Seller Aliases, offer shipping to the United States, including Illinois, accept payment in U.S. dollars and/or funds from U.S. bank accounts and, on information and belief, have sold Counterfeit Products to residents of Illinois.

18. Defendants concurrently employ and benefit from substantially similar advertising and marketing strategies. For example, Defendants facilitate sales by designing the e-commerce

stores operating under the Seller Aliases so that they appear to unknowing consumers to be authorized online retailers, outlet stores, or wholesalers. E-commerce stores operating under the Seller Aliases look sophisticated and accept payment in U.S. dollars and/or funds from U.S. bank accounts via credit cards, Amazon Pay, and/or PayPal. E-commerce stores operating under the Seller Aliases often include content and images that make it very difficult for consumers to distinguish such stores from an authorized retailer. Plaintiff has not licensed or authorized Defendants to use any of the Philips Trademarks, and none of the Defendants are authorized retailers of genuine Philips Products.

19. Many Defendants also deceive unknowing consumers by using the Philips Trademarks without authorization within the content, text, and/or meta tags of their e-commerce stores to attract various search engines crawling the Internet looking for websites relevant to consumer searches for Philips Products. Other e-commerce stores operating under the Seller Aliases omit using Philips Trademarks in the item title to evade enforcement efforts while using strategic item titles and descriptions that will trigger their listings when consumers are searching for Philips Products.

20. E-commerce store operators like Defendants commonly engage in fraudulent conduct when registering the Seller Aliases by providing false, misleading and/or incomplete information to e-commerce platforms to prevent discovery of their true identities and the scope of their e-commerce operation.

21. E-commerce store operators like Defendants regularly register or acquire new seller aliases for the purpose of offering for sale and selling Counterfeit Products. Such seller alias registration patterns are one of many common tactics used by e-commerce store operators like

Defendants to conceal their identities, the full scope and interworking of their counterfeiting operation, and to avoid being shut down.

22. Even though Defendants operate under multiple fictitious aliases, the e-commerce stores operating under the Seller Aliases often share unique identifiers, such as templates with common design elements that intentionally omit any contact information or other information for identifying Defendants or other seller aliases they operate or use. E-commerce stores operating under the Seller Aliases include other notable common features, such as use of the same registration patterns, accepted payment methods, check-out methods, keywords, advertising tactics, similarities in price and quantities, the same incorrect grammar and misspellings, and/or the use of the same text and images. Additionally, Counterfeit Products for sale by the Seller Aliases bear similar irregularities and indicia of being counterfeit to one another, suggesting that the Counterfeit Products were manufactured by and come from a common source and that Defendants are interrelated.

23. E-commerce store operators like Defendants are in constant communication with each other and regularly participate in QQ.com chat rooms and through websites such as sellerdefense.cn, kaidianyo.com and kuajingvs.com regarding tactics for operating multiple accounts, evading detection, pending litigation, and potential new lawsuits.

24. Counterfeiters such as Defendants typically operate under multiple seller aliases and payment accounts so that they can continue operation in spite of Plaintiff's enforcement. E-commerce store operators like Defendants maintain off-shore bank accounts and regularly move funds from their financial accounts to off-shore accounts outside the jurisdiction of this Court to avoid payment of any monetary judgment awarded to Plaintiff. Indeed, analysis of financial account transaction logs from previous similar cases indicates that off-shore counterfeiters

regularly move funds from U.S.-based financial accounts to off-shore accounts outside the jurisdiction of this Court.

25. Defendants are working in active concert to knowingly and willfully manufacture, import, distribute, offer for sale, and sell Counterfeit Products in the same transaction, occurrence, or series of transactions or occurrences. Defendants, without any authorization or license from Plaintiff, have jointly and severally, knowingly and willfully used and continue to use the Philips Trademarks in connection with the advertisement, distribution, offering for sale, and sale of Counterfeit Products into the United States and Illinois over the Internet.

26. Defendants' unauthorized use of Philips Trademarks in connection with the advertising, distribution, offering for sale, and sale of Counterfeit Products, including the sale of Counterfeit Products into the United States, including Illinois, is likely to cause and has caused confusion, mistake, and deception by and among consumers and is irreparably harming Plaintiff.

COUNT I
TRADEMARK INFRINGEMENT AND COUNTERFEITING (15 U.S.C. § 1114)

27. Plaintiff hereby re-alleges and incorporates by reference the allegations set forth in the preceding paragraphs.

28. This is a trademark infringement action against Defendants based on their unauthorized use in commerce of counterfeit imitations of the federally registered Philips Trademarks in connection with the sale, offering for sale, distribution, and/or advertising of infringing goods. The Philips Trademarks are highly distinctive marks. Consumers have come to expect the highest quality from Philips Products offered, sold, or marketed under the Philips Trademarks.

29. Defendants have sold, offered to sell, marketed, distributed and advertised, and are still selling, offering to sell, marketing, distributing and advertising products using counterfeit reproductions of the Philips Trademarks without Plaintiff's permission.

30. Plaintiff is the owner of the Philips Trademarks. The United States Registrations for the Philips Trademarks (Exhibit 1) are in full force and effect. On information and belief, Defendants have knowledge of Plaintiff's rights in the Philips Trademarks and are willfully infringing and intentionally using counterfeits of the Philips Trademarks. Defendants' willful, intentional, and unauthorized use of the Philips Trademarks is likely to cause and is causing confusion, mistake, and deception as to the origin and quality of the Counterfeit Products among the general public.

31. Defendants' activities constitute willful trademark infringement and counterfeiting under Section 32 of the Lanham Act, 15 U.S.C. § 1114.

32. Plaintiff has no adequate remedy at law, and if Defendants' actions are not enjoined, Plaintiff will continue to suffer irreparable harm to its reputation and the goodwill of the Philips Trademarks.

33. The injuries and damages sustained by Plaintiff have been directly and proximately caused by Defendants' wrongful reproduction, use, advertisement, promotion, offering to sell, and sale of Counterfeit Products.

COUNT II
FALSE DESIGNATION OF ORIGIN (15 U.S.C. § 1125(a))

34. Plaintiff hereby re-alleges and incorporates by reference the allegations set forth in the preceding paragraphs.

35. Defendants' promotion, marketing, offering for sale, and sale of Counterfeit Products has created and is creating a likelihood of confusion, mistake, and deception among the

general public as to the affiliation, connection, or association with Plaintiff or the origin, sponsorship, or approval of Defendants' Counterfeit Products by Plaintiff.

36. By using the Philips Trademarks in connection with the sale of Counterfeit Products, Defendants create a false designation of origin and a misleading representation of fact as to the origin and sponsorship of the Counterfeit Products.

37. Defendants' false designation of origin and misrepresentation of fact as to the origin and/or sponsorship of the Counterfeit Products to the general public involves the use of counterfeit marks and is a willful violation of Section 43 of the Lanham Act, 15 U.S.C. § 1125.

38. Plaintiff has no adequate remedy at law and, if Defendants' actions are not enjoined, Plaintiff will continue to suffer irreparable harm to its reputation and the associated goodwill of Plaintiff's brand.

PRAYER FOR RELIEF

WHEREFORE, Plaintiff prays for judgment against Defendants as follows:

- 1) That Defendants, their affiliates, officers, agents, servants, employees, attorneys, confederates, and all persons acting for, with, by, through, under or in active concert with them be temporarily, preliminarily and permanently enjoined and restrained from:
 - a. using the Philips Trademarks or any reproductions, counterfeit copies or colorable imitations thereof in any manner in connection with the distribution, marketing, advertising, offering for sale, or sale of any product that is not a genuine Philips Product or is not authorized by Plaintiff to be sold in connection with the Philips Trademarks;
 - b. passing off, inducing, or enabling others to sell or pass off any product as a genuine Philips Product or any other product produced by Plaintiff, that is not Plaintiff's or not produced under the authorization, control, or supervision of Plaintiff and approved by Plaintiff for sale under the Philips Trademarks;
 - c. committing any acts calculated to cause consumers to believe that Defendants' Counterfeit Products are those sold under the authorization, control, or supervision of Plaintiff, or are sponsored by, approved by, or otherwise connected with Plaintiff;
 - d. further infringing the Philips Trademarks and damaging Plaintiff's goodwill; and
 - e. manufacturing, shipping, delivering, holding for sale, transferring or otherwise moving, storing, distributing, returning, or otherwise disposing of, in any manner, products or inventory not manufactured by or for Plaintiff, nor authorized by Plaintiff to be sold or offered for sale, and which bear any of Plaintiff's trademarks, including the Philips Trademarks, or any reproductions, counterfeit copies, or colorable imitations thereof;

- 2) Entry of an Order that, upon Plaintiff's request, those with notice of the injunction, including, without limitation, any online marketplace platforms such as eBay, AliExpress, Alibaba, Amazon, Wish.com, Walmart, Etsy, and DHgate (collectively, the "Third Party Providers") shall disable and cease displaying any advertisements used by or associated with Defendants in connection with the sale of counterfeit and infringing goods using the Philips Trademarks;
- 3) That Defendants account for and pay to Plaintiff all profits realized by Defendants by reason of Defendants' unlawful acts herein alleged and that the amount of damages for infringement of the Philips Trademarks be increased by a sum not exceeding three times the amount thereof as provided by 15 U.S.C. § 1117;
- 4) In the alternative, that Plaintiff be awarded statutory damages for willful trademark counterfeiting pursuant to 15 U.S.C. § 1117(c)(2) of \$2,000,000 for each and every use of the Philips Trademarks;
- 5) That Plaintiff be awarded its reasonable attorneys' fees and costs; and
- 6) Award any and all other relief that this Court deems just and proper.
